

ENVISION™

Implant Continuum

of
CAROLINAS CENTER FOR
ORAL & FACIAL SURGERY
mycenters.com

Carolinas Center for Oral & Facial Surgery is pleased to announce the dates of the Envision™ Implant Continuum, featuring the Zimmer RevitaliZe™ protocol.

In an aging society where baby boomers are approaching retirement in record numbers, the opportunity to help an abundance of patients with dental implants has never been greater.

Partnering with **Zimmer Dental** and **Drake Dental Laboratories**, the **Envision™ Implant Continuum** will place an emphasis on full-arch restorations, live patient surgeries with chair side restorations and hands-on support from “Consultation to Restoration.”
